Every Member of Parliament should take the time to read this research report.....as there are a number of 'inconvenient truths' that were obviously overlooked in the formation of Mr Flaherty's 'Tax Fairness Plan' concerning income trusts.

This is a very thorough piece of work by a very well respected research analyst: Gordon Tait. I am sure Gordon would be willing to share his thoughts in person with you or any of your staff.

Please forward a copy to Mr Flaherty.

Thank you.
